

### The Morning Sail

at 10:00 AM is a 2-hour cruise of Frenchman Bay. This cruise features an interesting narrative of local history, geographical points, and wildlife, as we look for bald eagles, seals and porpoises. Bring your binoculars!

### The Afternoon Sail

at 2:00 PM is generally a livelier, more exhilarating sail among the islands of Frenchman's Bay, because of the stronger afternoon sea breezes. Relax, have a picnic, or help us hoist the sails!

**The Sunset Sail** is our most popular sail – romantic and fun! We often have live folk music, guitar, fiddle or banjo music. Bring the whole family!

We have Maggie T-shirts and embroidered "Margaret Todd crew" shirts and hoodies in a variety of sizes and colors.
